Dear Water Users

Water Resource Management Charges

Covid-19 has seriously impacted the economies of the world in general and that of South Africa in particular. At the beginning of the year nothing could have prepared us for that which was about to come. At this point in time all businesses are fighting hard to keep their heads above the water. We would like to invite all our water users to please come forward and make payment arrangements towards their water accounts.

Please note each case will be dealt with according to its own merits. This will assist you as the water user in making sure that your account is not far behind in terms of arrears and more importantly it will assist the Agency to carry its mandate.

For any enquiries please do not hesitate to contact our office.
